## Bulletin - Term 1 Week 1 : 20<sup>th</sup> April 2018

Welcome back to school! And how lovely it was to see everyone return with smiles on their faces and as the week has progressed with the sun beating down on us for a change!

It has been a super start to the term. I'm really looking forward to a great few months ahead.

Updates & this week :

Our staff team enjoyed the STAR Alliance Teaching and learning conference at Riverside Primary in Tadcaster on Monday. It provided opportunities for great discussion and reflection, and some useful take away ideas and resources.

We are delighted with our new arrival in the KS1 playground – our brown story book creature!!! Thanks to Mrs Pierce for organising this super addition and for the Friends of Carlton for funding it.

Staffing : Mrs Pierce is absent from school currently and is greatly missed. On behalf of all of the school team and wider community I wish her well for full and speedy recovery.

We are delighted that Planning Permission has been granted for our Reception outdoor area canopy - watch this space!

The road crossing has been an issue this week – thank for your patience with this. I have passed on my 'feedback' to relevant parties.

Fundraising: Danny Mills signed ball and photo raffle before the holidays, was highly successful. The total income from the raffle was £105.10, with half going towards Sport relief. Thanks for buying the tickets!

Next Week:

Saturday – Some of pupils are taking part in the 'take over day' with Doncaster Rovers at The Keep moat Stadium - more to follow in the next Celebration newsletter.

Wednesday is our parent/teacher consultations - you should have received your appointment times in books bags on Wednesday.

Here's to great term ahead!

Kind regards

Jon Watson

The following children have been selected to take part in the

Doncaster Rovers Junior Takeover Day

Saturday 21st April

Lottie Dawson – Tannoy Announcer

Samantha Bugg – Box Office Assistant

Jac Bateson – Donny Dog's Assistant

Congratulations everyone, have fun!

# DIVELY VINQUIRING & CREATIVE MINDS

		<p>This week in Pluto class we have introduced subtraction or take away. We looked at what take away actually means and talked about all the different ways we could do it. We used apparatus to begin with and then moved onto taking away by holding the biggest number in our heads and counting backwards. We then moved onto recording our work. Ronnie was a Super star and recorded his own skittle subtractions independently!</p>
		<p>To complete our RE unit about Easter, we re-enacted the Last Supper. We also had a tasting session of food which reminded us of events that occurred during Easter. For instance Hot Cross Buns remind us of the cross which Jesus died on, Simnel Cake remind us of the 11 faithful disciples, eggs represent new life, bread and fruit juice remind us of the body and blood of Jesus.</p>
		<p>Saturn class made the most of the sunshine this week and went outside to learn our new story 'Kassim and the Greedy Pirate's Treasure'. We listened to the story first, then we thought of some actions to go with it. Then we went outside and drew the story using chalk! This helped us to remember all the events in the story!</p>
		<p>The children in Jupiter Class have settled into the new term and are ready to push on. On discovering the new reading area the children of Jupiter Class spoke about the behaviours that they wanted to see while making use of the area. We are all looking forward to seeing how the reading area develops.</p>
		<p>This week the children completed their peer assessment of our gymnastics work. They have done incredibly well and have improved immensely. Their sequences included travelling along the bench, balances, rolls, different dynamics and strength had to be on show. I have been so impressed by the progress they have made. Thanks go to Samantha and Aoife for their weekly warm up, well done girls.</p>
		<p>The year 6 Forest school group had a brilliant session today with Mrs Hammond. They visited the Towers and met a newborn lamb. All the group behaved superbly and Mrs Hammond said they were a pleasure to work with.</p>
